Mr. William C. Ward, President
Land Redevelopment Company
1609 Bedford Road
Dearhurst
Wilmington, Delaware 19803

Dear Mr. Ward:

Confirming agreement reached in our field meeting on July 6th, we will terminate the landfill operations on your property on Saturday, July 12, 1971.

It was also agreed that you would immediately proceed with the installation of the final cover as specified in our contract for those areas which are not presently covered.

I would also like to remind you of my letter dated June 24, 1971. I now have a request from the Division of Environmental Control to let these walls remain in place for a period of time for future testing by the State.

In the near future we will remove the fence which was installed by the County for this operation. Thank you for your cooperation during the life of this contract.

Very truly yours,

Uldis Karins, P. E.
County Engineer
